PROFILE

Full-Stack Developer skilled in Node.js, Django, and React, with experience in building scalable APIs, real-time systems, and secure web applications. Focused on backend development, performance, and clean code practices.

SKILLS

Programming Languages

JavaScript, Python, Java

Frontend

HTML, CSS, Tailwind CSS, React.js

Devops & AI Tools

Docker, Git, GitHub, GitHub Actions, Linux, AWS (Basics)

Backend

Node.js, Express.js, Django, Django REST Framework (DRF), REST APIs, JWT Authentication

Databases

MongoDB, PostgreSQL, Redis

PROFESSIONAL EXPERIENCE

Backend Developer Intern

Neocap Technologies pvt ltd

05/2026 – Present
remote

- Developed and maintained scalable RESTful APIs using Django and DRF
- Collaborated with the development team to build secure, production-ready backend features using PostgreSQL and Git.

PROJECTS

Free Service Marketplace

Python, Django REST Framework, PostgreSQL, Redis, React

A location-based platform for connecting users with nearby service providers

- Built a geospatial search system using PostgreSQL queries to find nearby services
- Designed a role-based access control (RBAC) system for secure and scalable permissions
- Integrated Razorpay payment gateway for seamless transaction handling
- Implemented real-time notifications using Django Channels for instant booking updates

Agro Trade

MERN Stack (MongoDB, Express, React, Node.js, Socket.io)

A real-time agricultural trading platform with live bidding

- Developed a real-time bidding system using Socket.io for instant price updates
- Implemented JWT-based authentication with OTP verification for secure user sessions
- Built an admin dashboard to manage listings and monitor platform activity
- Integrated modules for government schemes and real-time news to improve farmer awareness

EDUCATION

Master of Computer Applications (MCA)

Chhattisgarh Swami Vivekanand Technical University

2025 – Present
Raipur

Bachelor Of Computer Application

Pt. Ravishankar Shukla University

2022 – 2025
Raipur
